

SIERRA MADRE NEWS

VOL. VI.

SIERRA MADRE, LOS ANGELES COUNTY, CALIFORNIA, FRIDAY, AUGUST 21, 1914

NO. 47

MARK YOUR BALLOTS NOW FOR PRIMARY

Voters who expect to mark their ballots intelligently at the primary election next Tuesday must needs do some studying. In addition they should mark their sample ballots in advance as they expect to vote and take them into the voting booth for reference. Otherwise it will be impossible to vote in the space of time allowed by law. While three minutes is the limit specified, it is not likely that such a provision would be enforced unless there should be such a rush that it became apparent some would be prevented from voting by allowing others more than the allotted three minutes.

Many requests have come to the News for information regarding candidates of all parties. Accordingly some information is here given in an effort to help voters get some of the candidates for important offices properly placed in their minds.

PROGRESSIVE TICKET

Progressives will have the easiest task of all so far as selecting party candidates is concerned. From governor down, but a single candidate appears for most of the offices. Johnson and Eshelman for governor and lieutenant governor will receive the unanimous party vote and will be unbeatable at the November election.

The only important contest among Progressive candidates is that between Rowell and Heney for United States Senator. Both are able, sincere workers for the best things in government. Mr. Rowell seems to the writer to be the better fitted for the position temperamentally. He is one of the sanest and ablest of American writers on political and economic subjects and would take a commanding position in the senate.

Hon. Charles W. Bell has served acceptably as representative in congress from this district and should be nominated and re-elected. He has been on duty in Washington for the past 18 months, not even coming home for the present campaign.

REPUBLICAN MATERIAL

Seekers for the Republican gubernatorial nomination are numerous. The only ones who have a chance of landing are reactionary. The fight seems to be between Fredericks, the Otis candidate, and Keesling. The latter shows his colors by furnishing argument against the "Blue Sky Law" which will appear on the November ballot as a referendum measure. Expense of circulating referendum petitions was borne largely a Los Angeles investment concern which has since gone practically bankrupt. Take your choice.

Republicans who wish to vote for men of progressive tendencies for other offices should put a cross after the names of John M. Eshelman for lieutenant governor; F. J. O'Brien, secretary of state; John S. Chambers, controller; Friend W. Richardson, treasurer; U. S. G. Webb, attorney general, and W. S. Kingsbury, surveyor general. Practically all the others represent the reactionary wing of the party, or the "old guard."

DEMOCRATIC CANDIDATES

General opinion seems to place the Democratic nomination for governor between Hall of Bakersfield and White of Watsonville, the latter a brother of the late Senator White, with not much advantage on either side. For United States Senator James D. Phelan is the best of the Democratic aspirants.

NON-PARTISAN OFFICES

For judicial, county and township offices all parties have the same ballot. Of candidates for chief justice of the supreme court Judge Angellotti is one of the retiring associate justices with an enviable record. Judge Bordwell of Los Angeles has an enviable record on the superior bench. No mistake would be made in voting for either. For associate justice four good candidates appear for the two positions.

Judge N. P. Conrey appears for reelection as presiding justice of the court of appeal. Judge Conrey won many warm admirers by his able handling of the condemnation suit brought by the city of Sierra Madre against the Baldwin estate, in which he awarded the Baldwin half of the Little Santa Anita canyon water to this city. That decision made a municipal water system possible for Sierra Madre. Judge Conrey has the endorsement of most of the lawyers who have expressed themselves to the writer on the contest.

Selection of the best ten candidates for superior judge out of the long list is not easy. Judge Hewitt deserves the unanimous vote of Sierra Madre for the invaluable assistance he has rendered the city through the long negotiations for a municipal water system. He has made good as judge since his appointment a year ago. Other incumbents appearing for re-election who are deserving of support are Judges John W. Shenk, Willis I. Morrison, Louis W. Myers, Lewis R. Works, Curtis D. Wilbur and Grant Jackson. Police Judge Warren Williams is a Sierra Madre property owner. The writer can vouch for him as a

good neighbor and is told that he is good material for the superior bench.

As township justices Frank Dunham and R. W. McDonald have given the kind of service which entitles them to re-election.

Promising to abolish the fee system and other relics of the spoils regime William H. Joyce appears to offer the best timber for sheriff.

BIG FIGHT FOR ATTORNEY

One of the most important of all the contests is that for district attorney. The fight is between Woolwine, Morgan and Ford. Woolwine stands on a definite platform of equal enforcement of the law for all, regardless of wealth, social or political position. He promises much-needed reforms in criminal procedure and says if elected he will strive in all cases coming before him to arrive at the exact justice of the matter, rather than attempting to make a record for convictions. He promises positive support for the county charter, especially the civil service provisions. Morgan is a man of less experience than either Woolwine or Ford. His political training has been in the old "push" camp, though of late he has been at odds with some of his former cronies. He has made a show of breaking with Mayor Rose in the later attempts to ease up on liquor and vice restrictions. He would be the writer's second choice. Ford is undoubtedly honest and sincere, but his belief that the spoils system is the most efficient way to run the government has been discredited by the voters. He runs on his record as a deputy under Fredericks. The district attorney's office has consistently fought and impeded the county charter, civil service and every other advance step in the county government. That is the record Ford has to account for.

The fight for assessor will probably be settled by the election of Ed Hopkins at the primaries as there are only two candidates and Hopkins opponent is hardly known outside Los Angeles.

FOR SUPERVISOR

One of the most important fights is that for supervisor from the first district. A number of good men have been put up and the fight will probably be between Hamilton, Cobb, Baker, Thorne and Manning. Several of the candidates have authorized statements in this issue of the News and voters are referred to them for information on which to base their opinions.

SIERRA MADRE WEEK

Next week will be "Sierra Madre Week" at Sturtevant's camp. About twenty-five reservations have already been made, and in addition to the members of one of the girls' clubs there will be a number of older Sierra Madre guests.

At present the beach towns are particularly well represented among the 100 or more camp guests who come from all over Southern California.

At a progressive 500 party Wednesday evening first honors went to Miss L. Schwartz of Los Angeles and Mr. Warner Parker of Beverly Hills. J. E. Starbuck took the other prize.

Tuesday evening's dance was much enjoyed by the large crowd present. The feature of the event was the fancy dancing of Miss Dorothy Moon. The regular Friday evening dance will be held this evening.

S. W. Tatstall of Los Angeles piloted a party of fifteen to Hoegee's camp on Wednesday. A picnic dinner was enjoyed and the party returned in time to get into the camp pictures which were made in the afternoon by E. B. Gray, the Mt. Wilson photographer.

Deer hunters have been numerous in this part of the range since last week, but up to Thursday afternoon none had reported any luck.

RAINFALL RECORD

Several requests have been made for the complete rainfall record of last winter, and comparisons with previous years, for reference purposes. The record which is printed in the News from time to time is furnished by Mr. J. G. Blumer who has kept a continuous record in Sierra Madre since 1888. He dates his rainfall year from October 1 to September 30. Upon the expiration of the present season the News will print in tabular form the complete record by months for the twenty-six seasons. This will give in convenient form all the information desired.

Raymond Andrews and Charles Camp have returned to Berkeley where they will enter their senior years in the engineering and scientific courses respectively, at the state university. Lawrence Nourse went to Berkeley also, expecting to enter the agricultural department. He found the university struggling with the problem of accommodating 1,800 freshmen, the largest entering class on record. On account of the crowded conditions applicants for admission were weeded out pretty thoroughly. Instead of entering the agricultural department at Berkeley Lawrence was assigned to the university farm school at Davis. Owing to the fact that work does not begin there till September 15, he returned home to enjoy another month of vacation.

Mmes. George Humphries, C. W. Jones and Clinton Nourse will entertain the Ladies' Aid Society of the Congregational church on August 27 at two-thirty, at the home of Mrs. C. W. Jones. No further invitations will be extended.

WHY NOT 5c AUTOS?

Opportunity to Make Money on Local Passenger Business

Why has not Sierra Madre a 5-cent auto passenger service? Experiments in other towns would seem to indicate that there is an opportunity for some one to get into a profitable business here. Monrovia is the latest to have such a line established and the News of Tuesday speaks of it as follows.

The Little car bearing the "5 Cent Auto" sign is already a familiar sight in Monrovia, having covered the city several dozen times yesterday. Mr. J. L. Vance, who yesterday inaugurated the five-cent fare for auto livery service, declared today that he is well satisfied with his first day's business, and believes that hauling people for five cents a trip will be a paying proposition.

Many Monrovia residents have expressed their gratification at the establishment of the new livery, and annoyance their intention of supporting it. One lady said that she intends to pay her fare just for the ride and expects to "loop the loop" at every opportunity.

In Sierra Madre a plan similar to that in Monrovia could be adopted. The little Ford goes alternately into the northwest and northeast sections of town from the business district. Sierra Madre is widely scattered and the hillside situation makes walking difficult for many people who would welcome some sort of regular and dependable transportation service at a low fare.

There are already three or four autos in town doing some sort of passenger business, charging either by the trip or the hour and reducing profits to the minimum by competition. If one of them would go into the business along the lines suggested perhaps the division of business would be more profitable for all concerned.

WHO WILL GET OUR \$2,000 CONTRIBUTION?

Does Sierra Madre want to be mulcted for \$2,000? We may have a chance to dig up that amount. But before falling over ourselves to vote it away it might be well to consider who will benefit most by the fund. The South Pasadena Record makes some pertinent remarks on the subject, as follows:

The 1915 committee on entertainment, with headquarters in Los Angeles, and of which the county supervisors are members, have started out to raise over \$600,000 by taxation "for the purpose of entertaining the hosts that will visit Los Angeles next year."

And who is to profit by these millions of visitors? Will it be the home owner in South Pasadena who will be taxed? Will it be the rancher who is struggling to make a little extra money? Or will it be the railroads, the street car companies, the hotels, the restaurants, the saloons, the places of amusement and the real estate men?

The committee states that it is the intention to levy a tax of six cents on the \$100 of valuation, for a period of two years. This would take \$7,000 from South Pasadena. Would this city receive \$7,000 worth of publicity by this method? If she were to spend that amount for publicity purposes, would she not receive vastly greater benefits by handling the money herself?

But she would not spend anything like that sum. It is not necessary. One thousand would be ample. Yet the 1915 committee, of which the county supervisors are members, propose to make us pay seven times that sum, and they will handle the money to suit themselves.

The committee is sending communications to civic and commercial organizations all over the county asking that resolutions be adopted "asking the board of county supervisors to levy the special tax." In other words, the supervisors as members of this committee, are asking the people to ask them to levy a tax against the people to entertain the multitudes that will benefit only a few.

Who is the \$600,000 going to? Will it be given to the visitors to spend for a good time? If so, are the visitors going to spend it with the ordinary taxpayer, or with the man who has food and drink to sell or the transportation companies? But they are not going to give it to the visitors. They are going to divide it up among those who have conveyances to carry Mr. and Mrs. Visitor around and those who will provide the things the stranger gets to eat. Then let those who will profit most raise the requisite \$600,000. They will get it back again—an hundred fold.

Barry S. Ulrich, who has been in the practice of law in Honolulu, T. H., has been spending a few days at the home of his father, A. L. Ulrich. He will remain in the states, having associated himself with the law firm of Pillsbury, Madison and Sutro in San Francisco, with offices in the Standard Oil Building. While he enjoyed his life in the islands exceedingly as a novelty, he says the uniformity of temperature, night and day, year in and year out, became very monotonous. Among other interesting experiences was a New Year "watch party" spent in bathing suits and playing with the white caps on Honolulu beach.

WILL WELCOME SHIP

Arrival of First Cargo Through Canal to Have Big Celebration

Los Angeles will celebrate the opening of the Panama Canal on August 25 or 26. This announcement was made yesterday by city officials and the harbor committee of the Chamber of Commerce who will start the celebration on that date with a reception of the steamer Missourian of the American-Hawaiian line from New York and which will be the first steamer bound through the canal to reach this port.

Mayor Rose, members of the City Council, the Board of Public Works and other city officials have been asked by President F. T. Woodman of the Harbor Commission to be present when the Missourian docks in Los Angeles harbor. Mayor Rose will be out of the city on August 25, but he has delegated Acting Mayor Whiffen to represent him at the reception when the vessel docks at Pier "A" on Mormon Island.

Commissioner H. Z. Osborne of the Board of Public Works who is chairman of the harbor committee of the Chamber of Commerce said that the Chamber would immediately take steps to make a great reception for the first vessel to reach Los Angeles via the canal.

As reported in last week's News, the Steamer Missourian carries a large shipment of stationery for the News Printery, from the Samuel Ward Manufacturing Company of Boston. It will undoubtedly be the first consignment to reach Sierra Madre by way of the canal. The goods will arrive much sooner than expected and early in September the News Printery will be able to make a remarkable showing of this exclusive line of high grade papers at moderate prices.

PIERSON-SPARKS

With a simple and impressive ceremony Mrs. Maude Pierson and Rev. J. D. Sparks were united in marriage on Wednesday evening. The ceremony was performed by Rev. W. H. Hannaford at the home of Mr. and Mrs. F. H. Hartman, only relatives and a few intimate friends being present. Musical numbers were rendered before and after the ceremony by Mrs. Hannaford and Rudolph Hartman. The home was prettily decorated for the occasion and dainty refreshments were served. Following the ceremony Rev. and Mrs. Sparks left for a wedding trip of a fortnight after which they will return to Sierra Madre and reside at the Sparks home on West Mariposa avenue. Both are well known in Sierra Madre, having resided here for several years. They have many friends who hold them in high esteem and will wish them a large measure of happiness.

SIERRA MADRE 3—TIGERS 7

Sierra Madre was defeated by the Los Angeles Tigers in Sunday's ball game, the score being 7 to 3. There will be no more games on the home grounds until further notice.

Mrs. Laura Stevenson and daughter, Miss Janet, arrived on Thursday from Chicago for a visit at the home of Mrs. Stevenson's mother, Mrs. A. D. Hawks. After spending a year in Germany they left Berlin about July first, just before the present troubles developed into real war. They were early enough to avoid any difficulty in making the homeward trip. They have been visiting in Chicago the past month.

(Authorized Statement)

MORRISON GAINS STRENGTH

Red blooded men and women of Los Angeles County, whole hearted Californians who believe in a square deal for the poor man as well as for the rich, and who are not ashamed to lend their approval to the great uplift movement that is oversweeping the nation, are supporting the candidacy of Judge Willis L. Morrison for the Superior Court. In making a fight to retain the office to which he was appointed a year ago by Governor Hiram W. Johnson Judge Morrison makes no pleas for patronage nor does he toot his own siren, but merely stands on his record as a judge, a lawyer, a student of humanity, and a man. In all these departments that make for modern society Judge Morrison has made good.

Although still a comparatively young man, Judge Morrison has had wide experience in law and legislation and his accomplishment along the lines of civic and industrial betterment has won for him a statewide reputation.

Splendidly equipped by education and training to become a great corporation lawyer, Judge Morrison chose to devote his talents to the cause of the people. Undoubtedly he is best known for his work on the Industrial Accident Commission, to which he was appointed by Governor Johnson in 1911. He represented the commission in the drafting of the Workmen's Compensation Act, perhaps the most advanced legislation of its kind in the United States, providing for the protection of workmen injured in the performance of their duties. This act attracted great attention throughout the country, and its provisions have been embodied, almost in their entirety, in a statute enacted by the state of New York.

POINTERS FOR VOTERS

Many voters are asking questions regarding various phases of the primary election law. The following summary of the election procedure answers the questions most frequently asked. It was prepared by Judge Louis W. Myers, of the Superior Court, who is a candidate to succeed himself and should be studied by all voters.

Who Are Entitled to Vote.—All citizens of the United States over the age of twenty-one, who have resided in this state one year, in the county ninety days, and in the precinct thirty days next before the date of election, who have duly registered since Jan. 1st, 1914, and who have not moved outside of the precinct since registering. (Naturalized citizens must have been admitted ninety days prior to election.)

Non-Partisan Voters May Vote at the Primary.—Under all former primary laws, there was no provision for a non-partisan ballot, and the result was that all voters who had declined or failed to state their party affiliation were disfranchised at the primary election.

Under the present law, the names of all candidates for county and township offices, in addition to those for all judicial and school offices, will be printed on a separate non-partisan ballot which will be given to all voters at the primaries who have not registered their party affiliations. These same names will also be printed, in separate columns, on each of the party ballots.

Hours for Voting.—The polls will be open from 6 a. m. to 7 p. m. Voters who are at the polls and in line waiting their turn at 7 p. m., will be entitled to cast their votes.

How to Vote.—Get your voting number from the printed voting list which will be posted outside the polling place. Entering the polling place give your number to the clerks and sign the roster of voters, being careful to write your name and address just as you did when you registered. Take the ballot which will be handed you into one of the booths and mark it by placing a cross opposite the name of each candidate for whom you wish to vote. Then fold it so that the names are concealed and the number on the back can be torn off, and hand it to the officer at the ballot box, giving him your name.

Writing in Names.—If you desire to vote for any candidate whose name is not on the ballot, you can do so by writing in his name in the blank space which appears under the designation of that office upon the ballot.

Use the Rubber Stamp.—Be sure to use the rubber stamp found in the booth for the purpose of making the crosses. Do not make any mark upon the ballot with pen or pencil, except in writing in names, or you will invalidate your ballot.

Spoiled Ballots.—If by mistake you make a mark on the ballot where you did not intend to, fold it and return it to the ballot clerk, and receive from him a fresh ballot.

How Many to Vote For.—Vote for as many candidates for each office, as there are places to be filled, and no more. This number, you will find indicated on the ballot, following the designation of each office, by the words: "Vote for one," or "Vote for two" (or more, as the case may be). For example, there are ten judges of the superior court to be elected, and you may vote for ten, or any less number, but if you vote for more, your vote will not be counted at all for this office.

Mark Your Sample Ballot.—I feel that the best advice I can give the voters is the following: Before going to the polls, take the sample ballot, which you will receive through the mails, and, taking plenty of time, mark it carefully the way you intend to vote. Then take it to the polls with you and mark your official ballot to correspond with it. This will serve two good purposes. It will avoid waste of time at the polling place, which is an important factor, and it will decrease the danger of mistakes in marking your ballot.

STRADDLE THE RUTS

Inglewood News.—A road superintendent in the Antelope Valley has posted signs along the highway, "Straddle the rut occasionally." This is a new expression of a good idea, and is a good advice in other things as well as riding along dirt roads. A fellow who always keeps in the ruts, hurts himself as well as hurting the road, for he kills off his own initiative and originality, and educates himself to be contented with things as they are, even though they may be rough and in need of improvement. "Straddle the ruts occasionally" is a good motto to pin up in the front wall of your brain.

CONGREGATIONAL SERVICES

During the absence of Rev. Hannaford who is enjoying his annual vacation the pulpit of the Congregational Church will be occupied by Rev. W. H. Stubbins. His topic next Sunday morning will be "The Master of Men."

HOME OF TRUTH

Devotional service at the Home of Truth, corner of Auburn and Carter, on Sunday at three-thirty as usual. Harriet C. Hamor conducting the services. Everyone is cordially invited. Sunday School at two o'clock. All children welcome.

DEER SEASON DISAPPOINTS SPORTSMEN

Few bucks have been brought in during the first week of the deer season though the army of hunters in the mountains is big enough to carry on a full fledged revolution a la Mex. The only buck reported this side of the West Fork up to Thursday was that killed by R. A. Marhoefer, driver of the Mt. Wilson stage coach. Marhoefer had left the Mt. Wilson Hotel at six in the morning on the downward trip. When about half way down he saw a buck and two does across the trail some distance ahead. He halted his team and gave chase though he was armed only with a .38 caliber Colt army revolver. Within a few minutes he brought down the buck which he took to Los Angeles where he was awarded a rifle for bringing the first buck of the season to one of the sporting goods stores.

Phil Carter, Carlton Pegler and Chet Huston decided to try their luck in the Malibu range, going in by Calabasas. They brought in two bucks and reported other hunters there as having good luck.

From Pine Flats A. N. Carter telephoned the News Wednesday that hunters in that vicinity were disgusted. Up to that time he had not learned of any deer being shot, though he had met many hunting parties in the course of his patrol from the Pine Flats station.

Numerous hunters have passed through Sturtevant's Camp since the opening of the season on Saturday, according to information telephoned by Ed Pelletier on Thursday. No information had been received there of bucks being brought down save that shot by Marhoefer. Los Angeles papers report similar news from other sections, indicating that the present season is one of the poorest in years.

Mr. and Mrs. G. H. Spranger returned home on Wednesday after enjoying a trip east during a two weeks' vacation. They visited Mr. Spranger's family in Peru, Indiana. They report conditions as apparently prosperous in the farming districts of the middle west. Mrs. Loomis of Monrovia was in charge of the gas company's office during Mrs. Spranger's absence.

(Authorized Statement)

JOHN J. HAMILTON

Wherever in the United States the people are planning new charters and studying how to organize their city and their county governments so as to secure greater efficiency the writings of John J. Hamilton are familiar. His book on the commission form of government is standard, and his magazine articles are widely copied and studied.

Mr. Hamilton is one of the candidates for the position of county supervisor from this district and the voters have a rare opportunity to put a man of his type into office. Mr. Hamilton does not deal in generalities. He makes his campaign on very definite lines. He has gathered to his support the people of the district who are waging an effective fight against the fee system, the spoils system and the practice of private and local favoritism in distributing the burdens and benefits of costly public works, such as county roads and flood control methods.

The election of John J. Hamilton for supervisor will be an emphatic popular verdict against these long-standing abuses, and in favor of the merit and efficiency systems of civil service and a square deal in financing flood control and distributing other public improvements. It will also mean a reorganization of the Board of Supervisors—without which our new charter will be robbed of half its promised advantages.

This contest raises a direct issue between Supervisor Manning, who, despite his denials, represents the present system and the record of the Board of Supervisors for the past fifteen months and during his twelve years of county service, and Mr. Hamilton, who alone among the candidates has declared for a reorganization of the Board.

Seven other candidates—five of them calling themselves "home candidates" and appealing for support on purely local grounds—have entered the campaign, and the official ballot will carry nine names of candidates for supervisor from the First district.

All these candidates are good men; but votes divided among them will mean danger to the public interests and will weaken the emphasis of the voters' verdict for a change in the Board of Supervisors.

The poorest possible reason for voting for a candidate is the fact that he lives at a certain place. The best possible reason is that he stands for sound moral and governmental principles and has the ability and backbone to remain true to them.

Misses Margaret Bravinder, Helen Seeley and Lucile Whitworth were luncheon guests of Miss Florence Hensel of Pasadena on Wednesday and remained for an informal afternoon and supper to meet a number of Pasadena girls.

Brief Items of Interest

Mrs. Thomas Henderson and son and Mrs. E. J. True and son are spending two weeks at Coronado Tent City.

H. C. Wybro and family of Oakland have rented a house at the corner of San Gabriel Court and Mountain Trail avenue.

Mrs. Nobel and son of Santa Anita Court arrived home on Wednesday from Everett where they have been for the past six weeks.

Dr. and Mrs. R. H. Mackerras and children and Miss Margaret Preston expect to go to the beach on Monday for a fortnight's stay.

Miss Grace Chamberlain left Tuesday for her home in Cambridge, Mass., after spending a year with Mrs. E. N. Emmerson of Laurel avenue.

The girls of the T. C. B. club will meet this evening at the home of Miss Helen Seeley. They expect to spend next week in the mountains at Sturtevant's camp.

Mrs. J. E. Ferry was the hostess on Wednesday at a delightful little thimble party in honor of Miss Moore and Miss McKinnon, who expect to leave soon to make their home in Los Angeles. The guests included Mrs. Jensen, Hull, Vannier, Mackerras, Cook, Tinker and Krebs, and the Misses Law, Hill, Blumer, Cook, O'Brien, Webster, Nichols and Fletcher.

**(Authorized Statement)
RE ELECT CHAMBERS**

State Controller John S. Chambers will undoubtedly be re-elected to the office which he has filled with so much credit to himself and profit to the people. For years the people of the state have regarded the office as a non-partisan position and there is little doubt that they will look at it the same way this time.

Mr. Chambers' administration has been marked by tact and a high order of ability. To remove him and give the office to one unfamiliar with its important business would be the height of folly.

Republican, Democratic, Progressive and Independent papers have given generous support to Mr. Chambers on the theory that he has made good and is a competent successor of the controllers who preceded him. Upon assuming office Mr. Chambers retained all of his predecessor's appointees and has repeatedly stated that the late Mr. Nye had gathered one of the most efficient forces in the country.

It will be seen from this that Mr. Chambers has not and does not regard the office as a partisan one. Efficiency is the only test. While most of the employees are Republican, many Democrats and Progressives are at work in the office.

**CERTIFICATE OF BUSINESS
Fictitious Firm Name**

THE UNDERSIGNED do hereby certify that they are conducting an electrical supply and construction business at 22 East Highland avenue, Sierra Madre, California, under the fictitious firm name of Sierra Madre Electrical Company and that said firm is composed of the following persons, whose names and addresses are as follows:

G. I. Farman, Sierra Madre, Cal.
W. E. Farman, Sierra Madre, Cal.
R. E. Adelmeyer, Sierra Madre, Cal.
Witness our hands this 14th day of August, 1914.

G. I. FARMAN,
W. E. FARMAN,
R. E. ADELMAYER.

STATE OF CALIFORNIA, County of Los Angeles.—ss.

On this 14th day of August, 1914, before me, W. S. Andrews, a Notary Public in and for said County of Los Angeles, residing therein, duly commissioned and sworn, personally appeared G. I. Farman, W. E. Farman, and R. E. Adelmeyer, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

Witness my hand and official seal, (Seal) W. S. ANDREWS, Notary Public in and for said Los Angeles County, State of California.

46-50

Miss Monica McKinnon is pending a few days with friends at Michillada.

Mrs. Minnie Kimball and daughter Gladys are spending several weeks at Avalon, Catalina Island.

Mason LeBarron of Santa Barbara has been visiting at the Ulrich home the past week.

Leonard Weed of Calexico has been spending several days at the home of Rev. W. H. Hannaford.

Miss Portia Ulrich left Wednesday for Santa Barbara where she will remain for a month visiting relatives.

Mrs. Amelia Jensen will spend the week end as the guest of Dr. J. M. Campbell and Miss Campbell at Avalon.

Mrs. Norma Rockhold Robbins of Glendale and little Jane Adams spent Saturday at the home of Mr. and Mrs. A. N. Adams.

Mr. and Mrs. A. E. Coles of Venice have taken a cottage at Cypress Court for a month. Mr. Coles is manager of the Venice Drug Company.

Mr. and Mrs. Carl Paluberg of Portland, Oregon, have been spending several days in Sierra Madre as the guests of Mr. and Mrs. N. W. Tarr.

Rev. W. H. Hannaford and daughter, Miss Ruth Hannaford, left early Thursday morning for Pine Flats. They expect to spend their vacations with a walking tour and camping expedition in the mountains.

T. M. Webster has the contract for a large addition to All Saints Episcopal Church, Pasadena, in which a magnificent new pipe organ will be installed. Frank Merrill is handling the stone work of the exterior walls.

**DR. THORNE IS
WARMLY INDORSED**

To the Voters of Supervisorial District No. 1:

We, the undersigned, have known Dr. E. J. Thorne personally for from one to five years and do heartily endorse him for the office of supervisor. He is a man of superior qualifications both from the standpoint of character and experience.

We know him to be a man of integrity, quick discernment and good judgment; a man not afraid to work unselfishly for the interests of others, and not afraid to express his honest opinion. We know he is the type of man this district needs as its supervisor, a man who will get out and see the needs of his constituents and see that they have their just dues. He will work for our rights and welfare and for the best interests of the county. He presents a rare combination of theoretical knowledge, of good govern-

ment as well as practical experience in local improvement and inter-city commission work. He has lived twenty-six years in this county and more than five years in his present home. He is one of us.—J. F. Jourdan, Joseph Jourdan, C. Morris Johnston, Ralph White, A. Haffner, R. Reed, J. W. Lohr, John A. Malcolm, R. L. Morse, Henry Lapham, Peter E. Johnston, Frank H. Greenwood, Everett Nevins, Theo. Schweikert, Charles E. Greenwood, Lewis N. Nichols, Mrs. E. M. Berdsey, Mrs. N. L. Lapham, C. F. M. Stone, J. M. Chandler, F. H. Disbrow, Anna Courson, Bertha V. Hartzell, John M. Lane, W. R. Sewell, Mr. and Mrs. A. H. Meader, Morton C. Hartzell and many others.

**EXERPTS FROM SPEECHES
MADE BY DR. THORNE**

"We have a county charter. Disloyalty to it is disloyalty to the people who chose to govern themselves by it and so voted by a large majority."

"When they want a change in the charter, they will say so and vote that change."

"This county is a great business concern, chartered. It elects its business manager,—the supervisor. No small part of his duty is to go into the open market and buy or hire, if you please, the technically trained brain to do the varied work the county has on hand."

"The supervisor is not elected as a 'booster.' If he is honest, faithful and efficient, the taxpayers, his employers, will have more time, money and disposition to do the boosting themselves and will do it."

"Fads are incompatible with efficient management of a concern doing millions of dollars worth of business annually. If the highest economy is to be secured and maintained in the administration."

"Storm water control is a great problem with us in this county but not hopeless nor to be shirked. If a county-wide movement for such control is ever undertaken every step from the initial 'boost' to the selling of the last bond and turning of the last shovelful of dirt must be carefully scanned and rigid economy exercised in the handling of the fund. If possible the bonds should be of such small denomination as to encourage our own folk to invest their savings in them, thus paying back the interest from them, into our own pockets and working a very considerable reduction in the total cost of work done. This is the part of good business management."

"Bonded indebtedness probably should be incurred only by a two to one vote. It is serious business, usually reaching far into future years and requires earnest, careful thought."

"The county has a right to stipulate how it will pay its officers and employees. When such stipulation is legally enacted said officers and employees should live up to it or get out."

"Good government is a matter of loyalty to the laws made and provided for the guidance and control of those to be governed, of devising new and better laws with the consent of the governed and of character in the person of the administrator."

Vote For Edward S. Cobb

For Supervisor First District

The Man Who Does Big Things
and Produces Results

In Mr. Cobb the people recognize a man of proven honesty of purpose and character, a broad, versatile, capable man, with a highly trained mind. He is a keen business man who has made a success of his life work. As evidence of that fact, he has a record which shows that during the past twelve years he has supervised the expenditure of over \$7,000,000 on work in this county in the capacity of construction engineer. His ability was recognized by Los Angeles when he was chosen as a member of a committee of three to investigate the construction of the big Owens River Aqueduct. His report on that work is in book form.

Mr. Cobb is not a politician, but he has kept abreast of the times and has always been a constant advocate for cleanliness in municipal affairs and will always be found on the side of morality and decency.

Here is a Sketch of Mr. Cobb's Career

1879—Graduate as Mechanical Engineer from Worcester Polytechnic.

1880—Assistant Superintendent of Motive Power on Railroad.

1882—In charge of Mechanical Engineering Instruction at Rose Polytechnic Institute, Indiana, for six years.

1888—Mechanical and Hydraulic Engineering Expert at Dallas, Texas.

1893—Mechanical and Hydraulic Engineer with Risdon Iron Works, San Francisco.

1895—Mechanical and Hydraulic Engineer with offices in San Francisco for three years. Expert in Court Cases.

1898—Cobb & Hesselmyer, Mechanical and Hydraulic Engineers, San Francisco, for 5 years, handling some of the most important contracts of that time.

1901 to date—Engineer in Los Angeles, engaged in heavy construction work on power houses, shops, railroad depots and pumping plants.

Be Sure and Vote at the Primaries August 25, 1914

A Majority of all Votes cast at the Primaries is equivalent to an election

ELECT HIM AT THE PRIMARIES

NOTICE INVITING SEALED PROPOSALS

Pursuant to Statute and to Resolution of Board of Trustees of the City of Sierra Madre, No. 61, directing this notice, said Board of Trustees hereby invites sealed proposals or bids for doing the following work in said City, to-wit:

1. That Adams street from the North line of Highland Avenue to the South line of Grand View Avenue and from the North curb line of Grand View Avenue to a point 601 feet North of the North line of Grand View Avenue, be graded to the official grade and the roadway thereof oiled according to specification No. 12 for grading, oiling and tamping, on file with the City Clerk; excepting, however, from all the above described work, such portion as is required by law to be kept in order or repair by any person or company having railroad tracks thereon; also excepting from said grading such portion as is already done to the official grade.

2. That a cement curb be constructed along the West curb line of said Adams street from a point 250 feet North of the North line of Highland Avenue to the South line of Grand View Avenue and curving around the Southwest corner of Adams street at its intersection with Laurel Avenue, to join the curb already constructed on said Laurel Avenue; and along the East curb line of said Adams street from a point 430 feet North of the North line of Highland Avenue to the South line of Laurel Avenue to join a curb there installed; and on the East and West curb lines of Adams Street from the curbs installed at the North line of Grand View Avenue to a point 601 feet, more or less, North thereof; said curbs to be constructed according to specifications No. 2 for cement curbs on file in the office of the City Clerk of the City of Sierra Madre.

3. That a cement gutter three feet wide be constructed along the East curb line of said Adams Street from the North line of Highland Avenue to the South line of Laurel Avenue; and a cement gutter two and one-half feet wide be constructed along

the East curb line of said Adams Street from the North line of Laurel Avenue to the South line of Grand View Avenue; and a cement gutter three and one-half feet wide be constructed along the West curb line of said Adams Street from the North line of Highland Avenue to the South line of Grand View Avenue and from the North line of Laurel Avenue to the South line of Grand View Avenue and from the North line of Grand View Avenue to the point 601 feet North thereof; and a cement gutter three feet wide be constructed along the East curb line of said Adams street from the North line of Grand View Avenue to a point 601 feet North thereof; said gutters to be installed in accordance with specifications No. 8 for the construction of cement gutters on file in the office of the City Clerk of said City.

4. That a reinforced concrete culvert No. 30, three feet wide by one foot deep with wings two feet wide by one foot deep, be constructed along the West curb line of said Adams street from the South line of Laurel Avenue to the North line thereof; and that a reinforced concrete culvert No. 30, three feet wide by one foot deep, be constructed along the East curb line of said Adams Street from the South line of Laurel Avenue to the North line thereof. That a corrugated iron culvert No. 32 with wings be constructed along the North curb line of Grand View Avenue from the East line of said Adams Street to the West line thereof; said concrete culverts to be installed in accordance with the specifications No. 9 for the construction of concrete cross boxes on file with the City Clerk of said City and all of said culverts to be installed according to plans therefor adopted by the Board of Trustees.

5. That a cement sidewalk three and one-half feet wide be constructed along the West line of said Adams Street from a point 260 feet more or less North of the North line of Highland Avenue to a point 350 feet more or less North of said North line of said Highland Avenue, and at the Southwest corner of Adams Street and Laurel Avenues from the South line of Laurel Avenue to the South curb line of said Laurel Avenue, said sidewalk

to be three and one-half feet wide by five inches thick, to be constructed of concrete composed of one part Portland cement, to eight parts of clean gravel, to have one-half inch top of cement mortar composed of one part Portland cement to three parts clean sand.

All of said work shall be done in accordance with the plans, specifications and provisions heretofore adopted for doing said work on file in the office of the City Clerk.

All the herein proposed work shall be done in pursuance of an act of the Legislature of the State of California, designated "The Improvement Act of 1911" approved April 7, 1911, and all acts amendatory thereof or supplementary thereto.

Reference is hereby made to Resolution of Intention No. 58 of said Board of Trustees of the City of Sierra Madre declaring its intention to order said work to be done, for further bids, which resolution is on file in the office of the City Clerk.

All proposals or bids shall be accompanied by a check payable to the City Treasurer, certified by a responsible Bank for an amount which shall not be less than 10 per cent of the aggregate proposal, or by a bond for said amount and so payable signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions.

Said sealed proposals or bids shall be delivered to the clerk of said City on or before 7:30 o'clock P. M. of the 31st day of August, 1914, said time being not less than ten days from the time of the first publication and posting of this notice. Bids will be opened on said day and hour.

C. H. PERRY,
Clerk of the Board of Trustees of the City of Sierra Madre.
Dated August 13, 1914.

Box 147, Sierra Madre.

JUDGE SHENK'S FINE RECORD

Among the many candidates for Judge of the superior court are a few who appear sure of election, and among the latter is John W. Shenk, Judge of Department 7, who has a splendid record as a public servant, especially in the office he now holds, coupled with his recognized ability as a lawyer.

Judge Shenk is one of the six attorneys selected by Governor Johnson last August to occupy the six newly-created departments of the superior court. Having held that office a little short of a year, it is generally conceded that he has "made good." His capacity for hard work seemingly is unlimited, and in the past year he has handled many important and involved cases.

For seven years Judge Shenk served the city of Los Angeles in the city attorney's office, entering as a deputy in 1906, becoming assistant two years

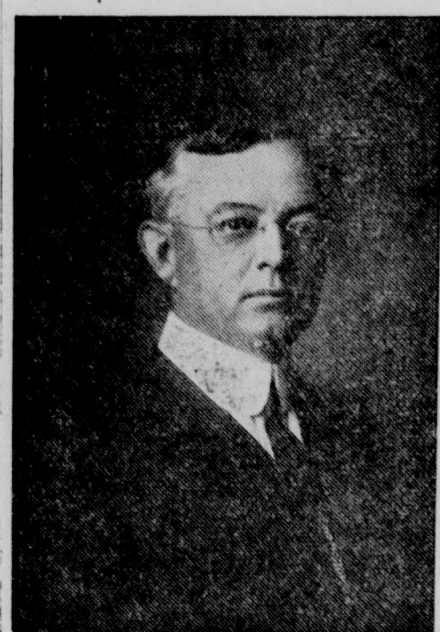

later. He was appointed by the city council to fill the vacancy in August, 1910. He succeeded himself the following year, carrying the election by a handsome majority.

During the seven years he spent in the city attorney's office Judge Shenk handled many important cases and the involved and important detail work of the office. Perhaps the most important litigation in which Judge Shenk participated while in the office of the city attorney, from a statewide standpoint, was the injunction brought by the Sunset Telegraph and Telephone company against the city of Pomona to enjoin the city from interfering with the right claimed by the company to occupy the streets without getting a franchise therefor from the city government. The city won in the lower courts but the United States circuit court of appeal held that pole line companies had the right to use the streets of a municipality without a franchise. On account of the importance of the issue involved, the city council of Los Angeles authorized Judge Shenk to carry the cause, on behalf of the city of Pomona, to the supreme court of the United States. There the ruling of the circuit court of appeal was reversed, and today, thanks to the able work of Judge Shenk, every pole line company in the state has to secure a franchise before it can string its wires in any city in California.

Judge Shenk is forty years of age, and a native of Vermont. He passed his boyhood days on a farm near Omaha. He is a graduate of the Ohio Wesleyan university and later took his law course in the University of Michigan Law School. His studies at the university were interrupted by a year's service in an Ohio volunteer regiment in the war with Spain. He was with General Miles' army in the occupation of Porto Rico.

(Authorized Statement)

JOYCE FOR SHERIFF

WILLIAM H. JOYCE

The non-partisan candidate for sheriff.

PLATFORM

To conduct the office of Sheriff in a strictly business-like manner.

To surrender to the county treasurer all fees collected by the office and to expect no compensation except the salary provided by law.

To recommend and urge that all prisoners be fed by the county at cost and without extra profit to the Sheriff or his office.

To exercise the greatest care and to be absolutely non-partisan in the selection and appointment of deputies, constables and special deputies.

In the above words William H. Joyce, the non-partisan candidate for sheriff, pledges the people, if elected, an efficient administration of the office of sheriff of Los Angeles county.

The movement to nominate and

Andrews & Hawks
The Office of Service

Notary Public Phone Exchange 2

elect William H. Joyce sheriff has gained tremendous strength throughout the county and thousands of people, desirous of a clean administration of the office, are rallying to his support.

Coming to Los Angeles from Texas twenty years ago, William H. Joyce has assisted greatly towards the commercial development of Los Angeles county and Southern California. His long fight for the abrogation of railroad switching charges was finally won in the United States supreme court about two months ago and after Wednesday, August 12, the railroad can no longer make this charge upon the merchants of the state. This will mean an annual saving to the state of nearly \$1,000,000 a year.

The women throughout the city and county have taken up Mr. Joyce's campaign with great enthusiasm. His interest in the problem of juvenile offenders and his promise, if elected, to set himself to work upon the solution of this question, is winning support for him on all sides.

The office of sheriff is strictly non-partisan and regardless of how you are registered, you can vote for Mr. Joyce at the primary election on August 25. His name will appear on every ballot. Those registered "Party Affiliation Not Stated" or "Independent" are entitled to a vote at the primary. They will receive a special ballot and can vote for sheriff and every other county office.

JUDGE CONREY ENDORSED

Of the three candidates for the Court of Appeal, Second District, Southern California, Judge Nathaniel P. Conrey was the only one to be endorsed at the meeting on Friday of the Los Angeles Bar Association. This action did not come as a surprise to Judge Conrey's supporters, as practically all of the leading members of the bar signed Judge Conrey's nominating petition and have been doing all in their power to further his candidacy.

In the 14 years he has been on the bench, his inflexible integrity was a man

and his scholarly ability as a jurist, have given his decisions unquestionable standing among attorneys. From January, 1911, to the present time, 25 of his cases have been appealed; of these decisions only two, however, have been reversed by a higher court.

Notice to Contractors

The Board of Education of the Sierra Madre City School District, Sierra Madre, Los Angeles County, California, invites sealed proposals for the furnishing of all labor and material for the erection and completion of an auditorium building, domestic science building, kindergarten building, sloyd building, and for alterations and installing plumbing in the present grammar school building, in accordance with plans and specifications prepared by Architect W. J. Saunders, 802 International Bank Building, Los Angeles. Said bids will be received at the office of the architect up to 12 o'clock noon, of Saturday, August 29, 1914, and will be opened in public at 2 p. m. in the afternoon of the same day at a meeting of the Board of Trustees to be held at the present grammar school at Sierra Madre.

Bids will be received separately for the different parts of the work as follows:

- For the erection complete of the auditorium building with an alternative bid as called for in the specifications.
- For the erection complete of the domestic science building.
- For the erection complete of the kindergarten building.
- For the erection complete of the sloyd building.
- For alterations and installing plumbing in the present grammar school building.

(F) Contractors may submit a bid including above items collectively. All bids must be submitted on forms to be furnished by the architect. The plans and specifications for the above work may be obtained at the office of the architect.

Cashier's check or bidder's bond for an amount not less than five (5) per cent of amount of the bid in each case, drawn payable to J. H. Wright, Clerk of the Board of Trustees, Sierra Madre School District, must accompany each bid as a guarantee that the bidder, if requested, will within ten (10) days after receiving notice of the acceptance of bid, enter into a contract with said Trustees in accordance therewith, and furnish the required bonds. The said check or bond to be forfeited to the said Grammar School District should the bidder fail to execute contract and bonds as above mentioned. Said Board of Trustees reserves the right to reject any or all bids.

By order of Board of Trustees of the Sierra Madre City School District.
Signed:

J. H. WRIGHT, District Clerk.
EDWARD T. PIERCE, President.
ESTELLE H. FENNEL.

Notice Inviting Sealed Proposals

Pursuant to statute and to Resolution of the Board of Trustees of the City of Sierra Madre No. 60 directing this notice, said Board of Trustees hereby invites sealed proposals or bids for doing the following work in said City, to-wit:

1. That Hermosa Avenue from the North curb line of Live Oak Avenue to the South curb line of Central Avenue be graded to the official grade and the roadway thereof oiled according to specification No. 12 for grading, oiling and tamping of streets, on file with the City Clerk; excepting, however, from all the afore described work, such portion as is required by law to be kept in order or repair by any person or company having railroad tracks thereon; also excepting from all the afore-described work such portion as is already done to the official grade.

2. That a cement curb be constructed along both curb lines of said street from the North curb line of Live Oak Avenue to the South line of Central Avenue to join the curbs already in place and excepting the portions where cross-streets intersect said curb lines but curving at such intersections around the corners thereof to the curb lines of the intersecting streets; said curbs to be constructed according to specifications Nos. 2 for cement curbs on file in the office of the City Clerk of the City of Sierra Madre.

3. That a cement gutter two feet wide be constructed along the East curb line of said Hermosa Avenue from the North line of Esperanza Avenue to the South curb line of Central Avenue; and a cement gutter two and one-half feet wide be constructed along the East curb line of said Hermosa Avenue from the North line of Live Oak Avenue to the South line of Bonita Avenue and from the North line of Bonita Avenue to the South line of Esperanza Avenue; and a cement gutter three feet wide be constructed along the West curb line of said Hermosa Avenue from the North line of Ramona Avenue to the South line of Mariposa Avenue and from the North line of Mariposa Avenue to the South curb line of Central Avenue; and a cement gutter three and one-half feet wide be constructed along the West curb line of Hermosa Avenue from the North line of Live Oak Avenue to the South line of Manzanita Avenue and from the North line of Manzanita Avenue to the South line of Ramona Avenue, said gutters to be installed in accordance with specification No. 8 for the construction of cement gutters on file in the office of the City Clerk of said City.

4. That a reinforced concrete culvert No. 30, three feet wide by one and one-half feet deep be constructed along the East curb line of Hermosa Avenue from the South line of Bonita Avenue to the North line thereof; and that a reinforced concrete culvert No. 30, three feet wide by one and one-half feet deep be constructed along the East curb line of

Hermosa Avenue from the South line of Esperanza Avenue to the North line thereof; that a reinforced concrete culvert No. 30, three and one-half feet wide by one and one-half feet deep be constructed along the West curb line of Hermosa Avenue from the South line of Manzanita Avenue to the North line thereof, said culvert to have a wing two feet wide by one foot deep along the South curb line of Manzanita Avenue, and a wing two and one-half feet wide by one foot deep along the North curb line of Manzanita Avenue; and a reinforced concrete culvert No. 30, three feet wide by one and one-half feet deep be constructed along the West curb line of Hermosa Avenue from the South line of Ramona Avenue to the North line thereof, said culvert to have a wing two feet wide by one foot deep along the South curb line of Ramona Avenue, and a wing two and one-half feet wide by one foot deep along the North curb line of Ramona Avenue; and a reinforced concrete culvert No. 30, three feet wide by one and one-half feet deep be constructed along the West curb line of Hermosa Avenue from the South line of Mariposa Avenue to the North line thereof, said culvert to have a wing two feet wide by one foot deep along the South curb line of Central Avenue and a wing two and one-half feet wide by one foot deep along the North curb line of Mariposa Avenue; and a corrugated iron culvert No. 32 shall be constructed along the South curb line of Central Avenue from the East line of Hermosa Avenue to the West line thereof; said concrete culverts to be installed in accordance with the specifications No. 9 for the construction of concrete cross boxes on file with the City Clerk of said City and plans for said culverts adopted by the Board of Trustees.

All of said work shall be done in accordance with the plans, specifications and provisions heretofore adopted for doing said work on file in the office of the City Clerk.

Reference is hereby made to Resolution of Intention No. 59 of said Board of Trustees of the City of Sierra Madre, declaring its intention to order said work to be done for further bids, which Resolution is on file in the office of the City Clerk.

All proposals or bids shall be accompanied by a check payable to the City Treasurer, certified by a responsible Bank for an amount which shall not be less than 10 per cent of the aggregate of the proposal, or by a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions. Said sealed proposals or bids shall be delivered to the Clerk of said City of Sierra Madre on or before 7:30 o'clock P. M. of the 31st day of August 1914, said time being not less than ten days from the time of the first publication and posting of this notice. Bids will be opened on said day and hour.

C. H. PERRY,
Clerk of the Board of Trustees of the City of Sierra Madre.
Dated August 3, 1914.

Notice Inviting Bids for Public Work

Pursuant to statute and to resolution of the Board of Trustees of the City of Sierra Madre directing this notice, said Board of Trustees hereby invites sealed proposals or bids for doing the following work in said city, to-wit:

For replacing the old four-inch pipe line with a new steel riveted six-inch pipe line on South Hermosa avenue for a distance of 1,765 feet more or less from Central Avenue to Live Oak Avenue in said City of Sierra Madre in accordance with specifications of the water superintendent approved August 13, 1914, and on file in the office of the City Clerk, numbered 13, and plans numbered pipe line plans number 1. All proposals or bids shall be accompanied by a check payable to the City Treasurer, certified by a responsible bank for an amount which shall not be less than 10 per cent of the aggregate of the proposal. The Board reserves the right to reject any and all proposals or bids should it deem this for the public good, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder. Such sealed proposals or bids shall be delivered to the clerk of the board of trustees on or before 7:30 o'clock p. m. of the 31st day of August, 1914, said time being not less than two weeks from the first publication of this notice. The bids will be opened on said day and hour.

C. H. PERRY,
Clerk of the Board of Trustees of the City of Sierra Madre and of said City.
Dated August 13, 1914.

Ordinance No. 189

An Ordinance of the Board of Trustees of the City of Sierra Madre Amending Section 15 of Ordinance No. 14, Containing Cesspool Specifications and by Adding Two New Sections to Known as Section 15A Requiring a Permit; 15B Providing for Inspection and 15C Providing for Penalty for Violation of the Provisions of This Ordinance.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

SECTION 1. That Ordinance No. 14 of the Ordinances of the City of Sierra Madre be and it hereby is amended by amending Section 15 thereof, containing cesspool specifications and making said Section read as follows:

"Section 15. In order to conform to

NEW METHOD GAS STOVES

the provisions in the ordinances of the City of Sierra Madre, a cesspool should not be dug closer than forty feet to the nearest dwelling, except on written permit from the Board of Health of said city. It must be lined with masonry (brick, stone or concrete), leaving a clear diameter of four feet, must be not less than ten feet deep and must have the top of the roof at least two feet below the ordinary level of the ground.

Where dry masonry is used an overlap of at least two inches at each end of a brick or stone is necessary to provide a firm bearing, every tenth course should be laid with close joints to serve as a bond and the cover should be arched and laid solid in a stout lime or cement mortar."

SECTION 2. That Ordinance No. 14 of the Ordinances of the City of Sierra Madre be and it hereby is amended by adding a new Section, to be known as Section 15A, and reading as follows, to-wit:

"Section 15A. It shall be unlawful for any person, either as owner, contractor or builder, or as an agent or employee or licensee of said owner, contractor or builder, to construct a cesspool within the City of Sierra Madre without first having obtained permit therefor from the City Marshal. But nothing in this ordinance shall be construed to authorize the City Marshal to issue a permit for the digging of any cesspool in any part of the City where, in the opinion of the Health Officer of this City or the State Board of Health, the existence and use of such cesspool would be directly, or indirectly, detrimental to the public health."

SECTION 3. That Ordinance No. 14 of the Ordinances of the City of Sierra Madre be and it hereby is amended by adding a new Section to be known as Section 15B and reading as follows, to-wit:

"Section 15B. Before the completion of any cesspool in the City of Sierra Madre, the same shall be subject to inspection by the City Marshal of the City of Sierra Madre to determine its conformity to the specifications of Section 15 and 15A of Ordinance No. 14,

and it shall be unlawful to entirely complete any cesspool in the City of Sierra Madre without opportunity for such inspection."

SECTION 4. That Ordinance No. 14 of the Ordinances of the City of Sierra Madre be and it hereby is amended by adding a new Section to be known as Section 15C and reading as follows, to-wit:

"Section 15C. A violation of the provisions of Section 15, 15A, and 15B of Ordinance No. 14, of the Ordinances of the City of Sierra Madre shall be deemed a misdemeanor and punishable by a fine of \$50.00 or imprisonment in the County Jail not exceeding thirty (30) days or by both such fine and imprisonment."

SECTION 5. The City Clerk shall certify to the adoption of this Ordinance and shall cause same to be published once in the "Sierra Madre News," a weekly newspaper published and circulated in the City of Sierra Madre and hereby designated for that purpose. This ordinance is for the immediate preservation of the public health and safety of the citizens of Sierra Madre in that there is danger of pollution of the city's water supply and to the health of citizens otherwise, by the digging of cesspools in the city limits without a compliance with the provisions of this ordinance, and therefore from and after its publication said Ordinance shall take effect and be in force.

The foregoing Ordinance was adopted at a regular meeting of the Board of Trustees of the City of Sierra Madre on the 13th day of August, 1914, by the vote of at least three (3) trustees, to-wit:

Ayes: Trustees Dietz, Pegler, Steinberger and Blumer.

Noes: None.

Absent: Trustee Beard.

Signed and approved this 13th day of August, 1914.

JOHN GEO. BLUMER,
President of the Board of Trustees of the City of Sierra Madre.

Attest: C. H. PERRY, City Clerk.

(Corporate Seal of Sierra Madre)
